PUT THE **STING** ON CRIME®

# REPLACEMENT TRANSMITTER

## Model 477T, 5 Button HF, Stealth Code Remote

The following Learn Routine can be used to program this replacement transmitter to the system. In order to

1. **Door.** Open a door.
2. **Key.** Turn the key to the ON position.
3. **Choose.** Within 5 seconds press and release the Valet/Program button the number of times corresponding to the desired channel listed below. Once you have selected the channel, press the Valet/Program button once more and hold it. The LED will flash the same number of times as the channel selected and the siren (if connected) will

enter the Learn Routine, the system's Valet/Program switch must be plugged into the BLUE port.

4. **Transmit.** While holding the Valet/program button, press the button from the transmitter you wish to assign to that channel. The unit will chirp (if horn or siren connected) to confirm that the transmitter has been taught to the receiver
5. **Release.** Once the code is learned you can release the Valet/Program button and remove the key.

Channel Number		Function
564 Platform	554 Platform	
1	8	Auto-learn Standard Configuration
2	9	Auto-learn Single-Button Configuration
11	10	Delete All Transmitters

### Standard Configuration

A remote that has been programmed to an standard configuration will use separate buttons for arm and disarm similar to a factory keyless entry. Using the expanded configuration, the transmitter buttons are assigned to the following functions:

#### Lock Icon Button

The lock icon button arms and locks the system.

#### Unlock Icon Button

The unlock icon button disarms and unlocks the system.

#### AUX Icon Buttons

The AUX icon button operates channel 2.

#### Asterisk Icon Button

The asterisk icon button operates Panic only.

### Unlock and Lock Icon Buttons

When pressed together, the lock and unlock icon buttons operate channel 3.
